

# June Happenings

What an exciting month this has been! Children are spending a lot of time outside gardening. They observed the lifecycle of a bean by germinating the beans in a plastic bag and then replanting them in our garden soil along with the peas and lettuce. We are going to be able to make a nice salad soon!

Last week the school was buzzing with excitement as our chicks has hatched. Throughout the month children learned all about the egg and were able to observe firsthand the process of incubating and hatching. We now have four chicks in our school and children are going to take care of them until they grow a little bit and are able to be transported to a permanent home.

Children had a lot of fun at zumbini demonstration. There is still time to sign up for the summer session! Please let me know if you are interested!

## Plans for this month...

- Children are working hard preparing for Father's day celebration! Please mark your calendars for June 14<sup>th</sup>.
- On June 9, 10am - 12pm we are going to hold a community Father's Day Celebration. Please invite all your friends! It is most appropriate for children ages 18months - 6 years

Maria Montessori:

*"Never help a child with a task at which he feels he can succeed."*
